It's a wonderful school with amazing teachers!</p> <p>-My child loves the different options of enrichment activities on Friday afternoon, lots of great options.</p>	<p>I raised concerns about the lunchtime supervisors and I'm not sure that anything has changed.</p> <p>Education good but ask for too much money from parents who are struggling. Since sept 22 you should go over the emails and see how much has been asked for. It's too much. And between sep - dec was too often. Yet don't want child to miss out . And when late paying get</p>

-Jessica has only attended Hook Lane Primary school this term, starting 05/01/2023, although she still has had some emotional outbursts at arrival we are confident she is and will transition positively and happily. We have been super impressed with staff and the general school environment. We are also very happy and confident with Mr Langsford as Jessica's teacher and Mrs Sheekey as Head of the school. Thank You

-Everything is amazing including the school, staff and the teachers. Brilliant

-We are very happy with the school, I feel my child has thrived since attending the school.

There is a lovely community feel about the school which is really nice to see.

-I think Hook Lane is a great school

-Saanvi has improved a lot since she joined the school in terms of speaking, writing and bit more communication. She is bit socially awkward but I hope in time she will overcome it.

-Thank you Mr Langford and all other teachers for your great effort.

-Louie is happy at school and the breakfast and out of school provision is excellent, he has always been happy to attend both.

-My child enjoys school and learning about new subjects. There have been a few issues surrounding non inclusion from other children but this is probably common at this

so many reminder messages to pay that it puts pressures on the parent.

The only comment I'd make is that it's hard to know what he has been up to as he doesn't really tell us much at home! It would be nice to hear more of what reception has been up to maybe via the school Facebook page?

The question about expectations was hard for me to answer - I'm not sure about this. Also in terms of how my child is doing I have only really had feedback at parents evenings and not on a regular basis. I'm sure if there were serious concerns you would have told me.

Would be good if the children had homework books or its online. Bits of paper isn't great as it gets ruined sometimes. I'd be happy to pay for a homework book if it was an option

As parents we'd like to work more closely with the teachers to help our child in his learning. More frequent updates for us parents would help us know where to increase learning at home, rather than 3 updates per year. Our child is not given enough constructive feedback, as a result robbed of the opportunity to learn from mistakes and to progress.

I cannot compare to another school and if expectations are high or not but I feel that the school seem to do a more holistic approach rather than just look at the exam results which for a less academically minded child is better. However, sometimes I wonder if the approach to learning discipline is a bit soft, I certainly have trouble to get my child to sit down and do their school work, not sure if there are any consequences at school for not achieving expectations.

I'm not sure if it's all what you would class as bullying

age. Overall I am happy with my child's progress at the school.

I was particularly impressed at our most recent parents evening, the detailed feedback that we received was very thorough and I feel that we got a great overview of how our children are progressing at

Some of these questions are harder to answer when your child is only on reception, as he has only had one full term at the school so far.

More updates and constructive ways to help improve learning at home would be appreciated please.

They can do more clubs

school. Thank you for all your hard work and for keeping us well informed.

-We so much love the way Mr Cheeseman handle our daughter's academy situation. He makes us to feel more relaxed in a positive way to continue supporting our daughter in all areas. Also thanks to all the T.A supporting our daughter's academic progression.

-Despite his first couple of years being disrupted with covid home schooling, the school has done an excellent job in getting my son to the standard that is expected for his age in reading and maths.

-Hook Lane is such a positive environment with teachers regularly going above and beyond their job description. I for one will be fully supporting the upcoming strike action: the importance of the role of teachers in society is grossly undervalued!

-I'm going to be personally very sad when my daughter leaves Hook Lane this year as that will be the end of my own experience with the school.
